# Mission

The handle, as conceived by Valli&Valli, has traditionally conveyed a home's style and functional elegance and, as a decorative object therein, will remain an important element of interior décor well into the future. Guided by this vision, Valli&Valli created V&V and Fusital, trademark collections recognized for their technological sophistication and signature contemporary aesthetic.

Valli&Valli is also united by a history of strong craftsmanship and innovation, principles that have made the company a leader in the creation of solid brass, Nikrall (a zinc alloy UNI 3717) and stainless steel material handles and other household accessories that are designed to satisfy both the formal and practical requirements of the end user.

# Origins

Nearly eighty years ago, Pasquale Valli secured a position at an umbrella factory in Veduggio, Italy, managing the department that oversaw the design and production of handles. While umbrellas of the time looked exactly the same-somber, dark and gloomy-the treatment reserved for the handle itself was wildly different. In Valli's design department, fancy took flight. The handle articulated the true personality of the umbrella and it was this piece that captured a buyer's attention. The importance of touch and the contact between a consumer and an innovatively designed object was an experience that Pasquale Valli valued immeasurably.

Valli learned many things from his time in the handle department. He absorbed an understanding of the properties and handling of metal, including fusion techniques, the use of molds and dyes and the techniques employed for various other materials, such as plastics. Fascinated with the ergonomic relationship between hand and object, he was compelled to study at a sculptor's studio, inciting a passion for art and commitment to artisanal craft methods. These experiences changed his life, inspiring him to become an entrepreneur.

#### HOW TO ORDER/Details page 15

To order Valli&Valli products, information should be specified in the same sequence as the example given:

<b>1.Lever/Knob</b>	<b>2.Trim options</b>	<b>3.Function</b>	<b>4.Finish</b>	<b>5.Handing</b>	<b>6.Backset</b>	<b>7.Miscellaneous</b>
HXXX	RP	ML XX	03	RH	2.1/2"	2.1/4" thick

For small rosette, please specify RS/RSQ (45 mm rosette). RS pricing is the same as RP/RT pricing. Privacy RS also requires 105 RSP when ordering. RQ (2.9/16" rosette) for standard 2.1/8" cross bore. RSQ pricing is the same as RQ. Privacy RSQ also requires 105 RSQ when ordering.

ET/EP = 03-26 Standard Finish, ER = 15-26-26D Standard Finish.

Conversion from metric to US measurement are approximate.

#### NON STANDARD PRODUCTION ITEM

**Minimum 10 sets Fusital item per order**

<b>Quantity</b>	<b>Add to retail price</b>
*between 10 - 25 set	\$ 390.00
*between 26 - 50 set	\$ 210.00
*between 51 - 75 set	\$ 150.00
*between 76 - 100 set	\$ 100.00

**Minimum 20 each Fusital item per order**

<b>Quantity</b>	<b>Add to retail price</b>
*between 20 - 50 each	\$ 200.00
*between 51 - 100 each	\$ 105.00
*between 101 - 150 each	\$ 75.00
*between 151 - 200 each	\$ 50.00

**FUSITAL** Door levers and knobs, pulls and decorative accessories

**FUSITAL INOX** Stainless steel levers, knobs and door pulls

# How to order: details

## 1. Lever or Knob

Choose from all Valli&Valli product lines

## 2. Trim Options

Choose from the following:

RT	standard traditional style rosette	RS	small rosette plain
RP	standard plain style rosette	RQS	standard square rosette stainless steel
RQ	standard square style rosette	ET	traditional style long escutcheon plate
RSM	small rosette multi point	EP	plain style long escutcheon plate
RST	small rosette traditional	ER	rectangular style long escutcheon plate
RSP	small rosette plain	ERS	rectangular style long escutcheon plate stainless steel
RSQ	small rosette square	NEP	narrow long escutcheon plate multi point
RSQS	small rosette square stainless steel	NES	narrow long escutcheon plate stainless steel multi point
RSSM	small stainless steel rosette-multi point	NER	narrow long rectangular escutcheon plate multi point
RSS	small stainless steel rosette	NERS	narrow long rectangular escutcheon plate multi point stainless steel
RPS	standard stainless steel rosette		

## 3. Function

Choose from the following:

PGE	passage	103	long escutcheon plate with passage set and single cylinder deadbolt
PCY	privacy	104	long escutcheon plate with passage set and double cylinder deadbolt
DMY	dummy	105	privacy bolt
101	dead bolt single cylinder	106	long escutcheon plate with passage set and privacy bolt
102	dead bolt double cylinder	ML F	mortise lock
		MULTI-POINT TRIM	

## 4. Finish

Choose from stock or custom order finishes. Upcharge will apply.

06, 06A, 06B	Face/Strike supplied with 06/antique brass finish
15, 32D	Face/Strike supplied with 15/satin nickel finish
14, 26, 32	Face/Strike supplied with 26/polished chrome finish
26D	Face/Strike supplied with 26D/satin chrome finish

## 5. Handing

Follow the diagram on page 123.

## 6. Backset

2.3/8" = tubular (standard)  
 2.3/4" = mortise (standard)  
 Specify for all non-standard backsets.

## 7. Miscellaneous

Note special door thickness, keying information, split finishes.  
 Note: Additional charges apply to these special details. See pricing list below.

**UL** Tubular Passage Latch available upon request.

### RUSH DELIVERY CHARGES \$ 25.00 NET

Applies to all orders requested to be shipped within 48 hrs.

### Drop ship charge = \$5.00 net

Applied to all drop ship orders

### KEYING CHARGES

Code #	Description (5 pin)	
KA	Keyed alike	No charge
KD	Keyed different	No charge
MK	Master keyed	Call factory for a quotation

Other keying options available upon request.

### CHARGES EXTRA THICK DOORS

\$ 50.00	2.1/4" thick door for tubular latch and deadbolt
\$ 70.00	2.1/2 " thick door for tubular latch and deadbolt
\$ 90.00	3" thick doors for tubular latch and deadbolt
\$ 70.00	2.1/4" thick door for mortise lock and multipoint
\$ 90.00	2.1/2" thick door for mortise lock
\$ 120.00	3" thick door for mortise lock

### DUMMY SET ADAPTOR/ See page 129

For 2.1/8" Pre-drilled doors  
 X003/1 Back to back application  
 X003/2 Single application  
 Add to Dummy retail price

### Split Finishes and Non-Standard Rosettes add to Retail Price

\$ 20.00	Split finishes add to the highest priced finish used.
\$ 100.00	non standard RQ square rosette list to the highest priced finish used, passage & privacy.
\$ 120.00	non standard RQS square stainless rosette list to the highest priced finish used, passage & privacy.
\$ 100.00	non standard ER Rectangular escutcheon list to the highest priced finish used.
\$ 100.00	non standard RSQ (45 mm rose) list to the highest priced finish used, passage. (For privacy, separate privacy bolt is required)
\$ 50.00	non standard RQ square rosette list to the highest priced finish used, per single Dummy.
\$ 60.00	non standard RQS square stainless rosette list to the highest priced finish used, per single Dummy.
\$ 50.00	non standard RSQ (45mm rosette) list to the highest priced finish used, per single Dummy.

Knobs cannot be mounted on escutcheon plates.

## The material: stainless steel Il materiale: acciaio inossidabile

---

### Stainless Steel, the future

The handle is an integral part of furnishing decor with a precise aesthetic and functional use. However, in the majority of cases it remains an anonymous object. Fusital was established in 1976 with an important objective: to bring together function and aesthetics, technical innovation and form through collaboration with well-known names in architecture and design. Based on this philosophy, Fusital has decided to expand the range by entering the Stainless Steel market, bringing to this field the creativity and innovation that characterizes its production. Fusital uses Chrome Nickel Molybdenum Stainless Steel, which is maintenance-free and highly resistant to corrosion, rust and fire. Fusital Stainless Steel products have been conceived and designed bearing in mind the special characteristics of this material, interpreting these with sensitivity and taste, confirming the tradition of the Fusital trade-mark.

---

### Un futuro d'Acciaio Inossidabile

La maniglia è parte integrante dell'arredamento di ogni ambiente, assolve a una precisa funzione d'uso oltre che estetica; eppure non di rado è un oggetto anonimo. La Fusital è nata nel 1976 proprio con questo obiettivo: coniugare funzionalità ed estetica, design e tecnica, avvalendosi della collaborazione di importanti nomi dell'architettura e del design. Proseguendo con questa filosofia, Fusital amplia la propria gamma entrando nel settore dell'acciaio inossidabile, portando anche in questo campo la creatività e l'innovazione che contraddistinguono la propria produzione. Fusital utilizza esclusivamente Acciaio inossidabile al Cromo Nichel Molibdeno, esente da manutenzione, caratterizzato da un'ottima resistenza alla corrosione, alla ruggine e al fuoco. I prodotti Fusital in Acciaio inossidabile per l'arredamento e l'edilizia, sono pensati e disegnati coerentemente alle caratteristiche di questo materiale, interpretano con sensibilità i percorsi del gusto, confermando la tradizione del marchio Fusital.

---

**Molybdenum**  
**Chromium**  
**Nickel Stainless Steel**

Excellent resistance to corrosion and to many aggressive chemicals.  
Low carbon content makes it resistant to intergranular corrosion.  
These characteristics make it particularly suitable for application in aggressive environments such as the chemical and petrochemical industry as well as particularly harsh climatic conditions.

# How to order

Multi-Point and Narrow Long Escutcheon plates

## MULTI-POINT & NARROW LONG ESCUTCHEON PLATES

To order these products, informations should be specified in the same sequence as the example given:

1.Lever/Knob	2.Trim options	3.Function	4.Finish	5.Handing	6.Miscellaneous
HXXX	NEP (Brass) NES (Inox)	EE	15	RH	KA4

**1. Lever** - choose from Fusital product lines.

**2. Trim Options** - narrow long escutcheon plates or round rosettes - choose from the following:

- NEP plain style, narrow long escutcheon plate in solid brass.
- NES plain style, narrow long escutcheon plate in stainless steel.
- RSM plain style, small 1.3/4" (45mm) rosette in solid brass. Includes profile cylinder with matching rosettes.
- RSSM plain style, small 2" (50mm) rosette in stainless steel. Includes profile cylinder with matching rosettes.
- NER narrow long rectangular escutcheon plate in solid brass.
- NERS narrow long rectangular escutcheon plate in stainless steel.

**3. Function** - choose from the following:

- EAB entry function with American cylinder below the lever or knob. (92mm center to center.)
- EAA entry function with American cylinder above the lever or knob. (92mm center to center.)
- PAB patio function with thumbturn only, below the lever or knob.
- PAA patio function with thumbturn only, above the lever or knob.
- EE entry function with European profile cylinder. (92mm center to center.)
- PE patio function with European 1/2 profile cylinder (thumbturn).
- CE entry or patio function with custom center to center sizes. Supplied with profile cylinder.
- PGE passage function with tubular latch. For interior doors.
- PCY privacy function with tubular latch and privacy bolt. For interior doors.
- DA pair dummy, active with through spindle.
- DS single dummy, surface mounted spindle.

**4. Finishes** - choose from stock or custom ordered finishes. See price list for options.

- Special finishes available. Add \$ 100.00 NET cost to the polished brass price.
- Fusital Inox is only available in 32D satin stainless steel. No plating of stainless steel hardware.

**5. Handing**

- All sets require handing. See handing diagram on page 123.

**6. Miscellaneous**

- Special door thickness, keying info., split finishes.
- Maximum 2.1/4" thick door.
- Additional charges apply to these special details. Call factory for pricing.

**7. Generic Codes**

01UL 2.3/8" backset, passage	3.11/32"
02UL 2.3/4" backset, passage	3.3/4"

Includes: face plate, strike plate and screws. Retracts 28°.  
Dust Box: Included

## HOUSINGS

X 2122	Housing, no spring
X 2124M	Housing, spring loaded for long escutcheon plates
X 1115	Interior underosette to mount interior deadbolt trim
X 1116	Underosettes for mounting mortise lock round rosettes
X 0550	Underosettes for mounting deadbolt square roses
X 0547	Underosettes for mounting mortise lock square roses

## MORTISE CYLINDERS - C Keyway

Part No.	Door Thickness
C 01 15/16 cyl. 1.3/8" D	
C 02 1-1/8 cyl. 1.3/4" D	
C 03 1-1/4 cyl. 2" D - 1.3/4" M	
C 04 1-3/8 cyl. 2.1/4" D - 2" M	
C 05 1-1/2 cyl. 2.1/2" D - 2.1/4" M	
C 06 cust. length 3" D - 2.1/2" - 3" M	

Must specify Deadbolt (D) or Mortise Lock (M). Straight cam is used for mortise locks without thumbturns.

## DEADBOLT LATCH & PRIVACY BOLTS

Part No.	Overall size latch
09 deadbolt 2.3/8" backset	3.1/4"
10 deadbolt 2.3/4" backset	3.5/8"
Above Includes: deadbolt latch, mortise cylinder housing, strike plate for both metal and wood jambs, face plate and screws (no cylinder).	
X 30 2.3/8" privacy bolt	3.5/16"
X 31 2.3/4" privacy bolt	3.3/4"

## STRIKE PLATES

Part No.	Description
TS 01	T-strikes (tubular latch)
ETS-115	extended for doors 2.1/4" thick
ETS-175	extended for doors 2.1/2" & up
FL 01	Full lip (tubular latch)
EL-115	extended for doors 2.1/4" thick
EL-175	extended for doors 2.1/2" & up
ML 01	Mortise lock strike (standard)
ML 02	extended for 2.1/4" doors
ML 03	extended for 2.3/8" & up

(a) T-strike (b) Full Lip (c) Mortise strike

## ALLEN WRENCHES & SET SCREW (metric)

X 0285	set screws with allen wrench for brass levers and knobs
X 0286	stainless steel set screws with allen wrench
W 04	for deadbolt cylinder locking screw
Set screws with allen wrenches for brass levers and knobs Set screws size ø-mm 6 wide x 9 long	

## DUST BOX

Part No.	Description
DB-01	Dust Box T Strike
DB-03	Dust Box Full Lip Strike
DB-02	Dust Box Mortise Lock

Round Rose - Solid Brass

**X003/1 Double RP**

Set includes: 2 underosettes, 1 latch bolt blank  
 BACKSET 2.3/4" and 2.3/8"  
 Retail price \$ 75.00

**X003/2 Single RP**

Set includes: 1 underosettes, 1 latch bolt blank  
 finished solid brass rosette for opposite side available  
 in 26/chrome finish  
 BACKSET 2.3/4" and 2.3/8"  
 Retail price \$ 90.00

# Dummy set adaptor

Square Rose - Solid Brass

## X003/1 Double RQ

Set includes: 2 underosettes, 1 latch bolt blank  
BACKSET 2.3/4" and 2.3/8"

Retail price \$ 75.00

## X003/2 Single RQ

Set includes: 1 underosette, 1 latch bolt blank  
finished solid brass rosette for opposite side available  
in 26/chrome finish

BACKSET 2.3/4" and 2.3/8"

Retail price \$ 90.00

# Dummy set adaptor

Round Rose - Stainless Steel

## X003/1 Double RPS

Set includes: 2 underosettes, 1 latch bolt blank  
BACKSET 2.3/4" and 2.3/8"

Retail price \$ 75.00

# Dummy set adaptor

Round Rose - Stainless Steel

## X003/2 Single RPS

Set includes: 2 underosettes, 1 latch bolt blank  
 finished solid brass rosette for opposite side  
 available in 26/chrome finish  
 BACKSET 2.3/4" and 2.3/8"  
 Retail price \$ 90.00

# Dummy set adaptor

Square Rose - Stainless Steel

## X003/1 Double RQS

Set includes: 2 underosettes, 1 latch bolt blank  
 BACKSET 2.3/4" and 2.3/8"  
 Retail price \$ 75.00

## X003/2 Single RQS

Set includes: 1 underosette, 1 latch bolt blank  
 finished solid brass rosette for opposite side available  
 in 26/chrome finish  
 BACKSET 2.3/4" and 2.3/8"  
 Retail price \$ 90.00

# Interior sets

## INTERIOR SETS WITH ROUND ROSETTES AND LONG ESCUTCHEON PLATES

**Passage** FIG. 1 (shown with RS small rosette trim) FIG. 2 (shown with RSQ small rosette trim)  
Reversible for right and left handed doors.

**Privacy** FIGS. 3 and 5

Rosette trim is reversible for right and left handed doors. Escutcheon plates require door handing to be specified. Integral push button privacy features inside panic release function and outside emergency release. NEP (narrow long escutcheon plates) use a privacy bolt. Privacy bolt also available as a function (see deadbolt specifications).

**Dummy** FIG. 4

Must specify door handing for single dummy. Surface mounted spindle (X0571) or opposing spindle (X0572) available. Escutcheon plates with single dummy will have exposed mounting screws. Full dummy sets specified with R/L have exposed mounting screws on the interior only.

### Rosette Trim

RT	Traditional style 2.9/16" (65mm) dia.
RP	Plain style 2.9/16" (65mm) dia.
RQ	Square style 2.9/16" (65mm) dia.
RS	Plain style 1.3/4" (45mm) dia.
RSQ	Square rosette (small) 1.3/4" (45mm)

Standard rosette (RT, RP, RQ) supplied is 2.9/16" (65mm).  
For 1.3/4" (45mm) small rosettes (RS, RSQ), please specify.

NOTE: The RS, RSQ rosettes can only be used for new doors which do not have a 2.1/8" cross bore hole. Privacy sets require a separate privacy bolt (105 RSP, 105 RSQ). No integral privacy sets are available with RS, RSQ rosettes. Heavy-duty springs attached to the rosette and lever provide added strength and durability. (Not supplied with knob sets.) All rosette trims have concealed mounting screws.

### Escutcheon Plates FIG. 3

ET	Traditional style
EP	Plain style
ER	Rectangular style
NEP	Narrow style
NER	Narrow Rectangular Style

ET, EP, ER, escutcheon plate styles will cover a 2.1/8" cross bore hole. Heavy-duty, spring-loaded housings (X2124M) are included for added strength and durability. (Not supplied with knob sets.) NEP, NER trim has springs attached to the escutcheon and lever.

### Door Thickness

Standard = 1.3/8" to 1.3/4".  
For any other size, please specify.

### Backset

Standard = 2.3/8". For 2.3/4" please specify.  
2" backset is also available for passage sets only. 03/brass finish only.

### Latch Bolt

1/2" throw with a 2.1/4" x 1" face plate.  
8 mm square hub size.  
28 degree latch reversible

### Strike Plate

Standard = T-strike 2.3/4" x 1.1/8" Lip size = 1.1/4"  
Full lip strikes are available upon special request.  
Square corner.

### Cross Bore

Fits in any standard 2.1/8" cross bore hole with a 1" edge bore.  
RS rosettes and NEP narrow long escutcheon plates require a 5/8" cross bore hole.

### Dust Box

Included.

**Parts List**

1. Lever & Rosette Assemblies(2) includes:
  - a) lever
  - b) nylon washer
  - c) rosette
  - d) spring
  - e) retaining ring
2. Privacy Pin (1)
3. Through Screws (2)
4. Housing (1)
5. Two Piece Spindle (1)
6. Post Extensions (2) Rosette Stabilizers (2)
7. Latch (1)
8. Screw & Washer for Handling (1)
9. Face Plate (1)
10. Wood Screws (4)
11. Strike Plate (1)
12. Allen Wrench with 2 Set Screws (1)

# Deadbolts

## DEADBOLTS

### Functions

Single Cylinder (101 RP) FIG. 6 (101 RQ) FIG. 10. Feature low profile trim (FIG. 9) designs which coordinate with all of our lever and knob styles. Include concealed mounting screws.

### Styles

RT Traditional  
RP Plain  
RQ Square

### Door Thickness

Standard = 1.3/4". For 1.3/8" doors or any other size, please specify.

### Backset

Standard = 2.3/8". For 2.3/4" please specify.

2" backset is also available upon special request. 03/brass finish only.

### Latch Bolt

1" throw with two hardened steel rods inside bolt for added security to resist sawing.

### Latch face

2" and 2.3/8" backset = 2.1/4" x 1"

2.3/4" backset = 2.1/4" x 1.1/8"

### Strike Plate

2.3/4" x 1.1/8" heavy duty for both wood and metal door jambs. Square corner.

### Cross Bore

Deadbolts fit into a standard 2.1/8" cross bore hole with a 1" edge bore.

### Cylinder

Solid brass, 5-pin, mortise cylinder with C-keyway.

## PRIVACY BOLTS

### Styles

105 RST=Traditional 105 RSP=Plain 105/K1225 RSQ FIG. 7 105 RSQ=SQUARE

Decorative thumbturn with emergency coin key release on exterior. Include concealed mounting screws.

Privacy bolts are also available with escutcheon plates (specify 106).

### Door Thickness

Standard=1.3/4". For 1.3/8" or any other size, please specify.

### Backset

Standard=2.3/8". For 2.3/4" please specify.

### Latch Bolt

1/2" throw with 2.1/4" x 1" face plate.

### Strike Plate

2.3/4" x 1.1/8". Square corner.

## ESCUTCHEONS WITH DEADBOLTS

### Functions

Passage with single cylinder (103) FIG. 8 or double cylinder (104) deadbolt.

Dummy available to match refer to interior sets. Escutcheon plates are also available with a privacy bolt (specify 106).

NEP plates not available with deadbolts.

### Styles

ET Traditional style  
EP Plain style  
ER Rectangular style

Escutcheon plate styles will cover a 2.1/8" cross bore hole. Heavy-duty, spring-loaded housings (X2124M) are included for added strength and durability. (Not supplied with knob sets.)

### Door Thickness

Standard=1.3/4". For 1.3/8" doors or any other size, please specify.

### Backset

Standard=2.3/8". For 2.3/4" please specify.

### Passage Latch

1/2" throw with a 2.1/4" x 1" face plate. 8mm square hub size.

### Deadbolt Latch

1" throw with two hardened steel rods inside bolt for added security to resist sawing.

2.3/8" backset has a 2.1/4" x 1" face plate.

2.3/4" backset has a 2.1/4" x 1.1/8" face plate.

### Strike plates

Passage latch=T-strike 2.3/4" x 1.1/8" Lip size=1.1/4".

Deadbolt latch=2.3/4" x 1.1/8" heavy duty for wood and metal door jambs.

### Cross Bores

Passage and deadbolt latches fit any standard 2.1/8" cross bore hole.

Both latches require a standard 1" edge bore.

### Cylinder

Solid brass, 5-pin, mortise cylinder with C-keyway.

1. Interior Rosette (1) includes:
  - a) thumbturn
  - b) nylon washer
  - c) rosette
  - d) metal washer
  - e) C-clip
  - f) nylon bushing
2. Under rosette (2)
3. 5/8" screws for under rosette (2)
4. Tailpiece (1)
5. Cylinder housing (1) includes 1.1/8" housing assembly screw
6. 1.1/8" cylinder housing screws (2)
7. Exterior rosette (1)
8. Cylinder collar (1)
9. Wave washer (1)
10. Cylinder with 2 keys (1)
11. Latch (1)
12. Face plate (1)
13. Strike plate (1)
14. Wood screws (6)
15. Allen wrench (not illustrated) (1)

# Mortise locks

Lever and Knob sets with rosette trim (specify RT, RP, RQ, RS) FIG.11 and 12.

Lever and Knob sets with long escutcheon trim (specify ET, EP, ER, NES) For figures refer on page 89-91. FIG. 13

**Entry Handlesets** FIG. 14

## Trim definitions

RT	Traditional rosette trim	ET	Traditional escutcheon plate trim
RP	Plain rosette trim	ER	Rectangular escutcheon plate trim
RQ	Square rosette trim	EP	Plain escutcheon plate trim
RS	Plain rosette trim (small)		
RSQ	Square rosette (small)		

## Door Thickness

Standard=1.3/4". For any other size, please specify.

## Backset

FIG. 17B

2.1/2" or 2.3/4" standard, please specify.

NOTE: H function only available with long escutcheon plates. Custom backsets and other sizes are available upon special request.

## Narrow Backset

1.1/2", 1.3/4", 2", 2.1/4" available on request

## Latch Bolt

Solid brass with anti-friction latch, 3/4" throw, reversible.

Standard bolt finish is Satin Brass (03D), Satin Chrome (26D). Retract=28°

## Deadbolt

Brass with hardened steel inserts, 1" throw.

Standard bolt finish is Satin Brass (03D), Satin Chrome (26D).

## Lock Front

Adjustable bevel, brass or stainless steel armor front. Standard front=8" x 1.1/4". FIG. 17A

## Strike Plate

4.7/8" x 1.1/4" Curved lip FIG. 17C

## Door Preparation

ANSI Specifications, A115.1. Templates and instructions are provided for all functions.

## Cylinder

Solid brass, 5-pin, mortise cylinder with C-keyway.

## Handing

Please specify: RH, LH, RHR, LHR. Refer to handing chart on page 123.

## Performance Specifications

ANSI A 156.13, Grade 1, UL Listed, 3 hour fire rating.

## Case

Heavy gauge plated steel.

## Hubs

5/16" (8mm) square.

## Dust Box

Included.

**FUNCTIONS**

**F ENTRANCE**

Latch bolt by key outside and lever either side unless outside lever is locked by toggle-action stop. Dead bolt by key outside and turnpiece inside. Turning inside lever retracts latch and dead bolt simultaneously. Outside lever remains locked.

**EW STOREROOM - ELEC ELECTRIFIED**

Latch by lever inside and key outside. Outside lever is always rigid. Auxiliary latch deadlocks latch bolt.

**FW ENTRANCE**

Latch bolt by lever either side. Dead bolt by key outside and turnpiece inside. A turn of inside lever retracts latch and dead bolt simultaneously-automatically unlocking outside lever. No Toggle.

**ML ELEC**

Call factory for additional specification required.

**AC ENTRANCE**

Latch bolt by lever either side unless outside lever is locked by toggle action stop. Dead bolt by key either side.

**J CLASSROOM**

Latch bolt by key outside and lever either side unless outside lever is locked by key outside. Auxiliary latch deadlocks latch bolt.

**B ENTRANCE**

Latch bolt by lever either side. Dead bolt by key outside and thumbturn inside. No Toggle. No emergency egress.

**LF PRIVACY**

Latch bolt by lever either side. Dead bolt by turnpiece inside and coin key outside. A turn of inside lever retracts latch and dead bolt simultaneously-automatically unlocking outside lever.

**H HOTEL**

Latch bolt by lever inside and guest or master key outside. Outside lever always rigid. Dead bolt by turnpiece inside and key outside. A turn of inside lever retracts latch and dead bolt simultaneously. Auxiliary latch deadlocks latch bolt.

**ML FD ENTRANCE OR APARTMENT LOCK**

Latch bolt by key outside and lever either side. Unless outside lever is locked by toggle-action stop. Dead bolt by key outside and turnpiece inside. Turning inside lever retracts latch and dead bolt simultaneously. Outside lever remains locked. Auxiliary latch deadlocks latch bolt and prevents manipulation of locked toggle action stop.

**E OFFICE**

Latch bolt by key outside and lever either side unless outside lever is locked by toggle-action stop. Auxiliary latch deadlocks latch bolt.

**NC COMMUNICATING**

Latch bolt by lever one side.

**LF-C COMMUNICATING**

Latch bolt by lever inside only. Dead bolt by turnpiece inside only. A turn of inside lever retracts latch and dead bolt simultaneously-automatically unlocking door.

# Mortise locks narrow backset

## FUNCTIONS

**ML FW Entrance**  
 Latch bolt by lever either side  
 Dead bolt by key outside and turn piece inside  
 A turn of inside lever retracts latch and dead bolt simultaneously, automatically unlocking outside lever

**ML F Entrance**  
 Latch bolt by key outside and lever either side unless outside lever is locked by toggle action stop  
 Dead bolt by key outside and turn piece inside  
 Turning inside lever retracts latch and dead bolt simultaneously  
 Outside lever remains locked until manually unlocked by toggle

**ML N Passage**  
 Latch bolt by lever either side

**ML E Office**  
 Latch bolt by key outside and lever either side unless outside lever is locked by toggle-action stop  
 Auxillary latch deadlocks latch bolt

**ML LF Privacy**  
 Latch bolt by lever either side  
 Dead bolt by turn piece inside and optional emergency key outside  
 A turn of inside lever retracts latch and dead bolt simultaneously—automatically unlocking outside lever

**ML EW Storeroom**  
 Latch by lever inside and key outside  
 Outside lever always RIGID  
 Auxillary latch deadlocks latchbolt

**ML J Classroom**  
 Latch bolt by key outside and lever either side unless outside lever is locked by key  
 Auxillary latch deadlocks latch bolt

# Stainless steel door hardware

## STAINLESS STEEL DOOR HARDWARE - INTERIOR SETS

### Passage FIG. 18 (shown with RSS small rosette trim)

RSS, RPS, and RQS rosette trims are reversible for right and left handed doors.

NES (narrow long escutcheon plates). Must specify door handing.

NERS narrow long rectangular escutcheon plate multi point. Must specify door handing.

### Privacy FIG.s 19, 20, 21 (shown with RQS, ERS, NES trims)

RPS and RQS are reversible for right and left handed doors.

Integral push button privacy features inside panic release function and outside emergency release.

ERS rectangular escutcheon FIG. 20

RSS (small rosette) trim is supplied with a privacy bolt (105 RSS) FIG. 23

NERS Narrow long rectangular escutcheon plate multi point. Must specify door handing.

NES (narrow long escutcheon plates) are supplied with a privacy bolt.

NES (narrow long escutcheon plates). Must specify door handing.

### Dummy FIG. 22 (for RSS, RPS, ERS, RSQ, NES trims)

Must specify door handing for single dummy.

Surface mounted spindle (X0571) or opposing spindle (X0572) available.

ERS/NES (narrow long escutcheon plates) with single dummy will have exposed mounting screws.

Full dummy sets specified with R/L have exposed mounting screws on the interior only.

### Rosette Trim

RSS Plain style 2" (50mm) dia. (Not recommended for heavily used doors)

RPS Plain style 2.9/16" (65mm) dia.

RQS Square style 2.9/16" (65mm) dia.

Please specify RPS, RQS or RSS for rosette.

### Long Escutcheon Plate Trim

NES Plain style (see page 90/91 for dimensions)

NOTE: RSS (small rosettes) and NES (narrow long escutcheon plates) can only be used for new doors which do not have a 2.1/8" cross bore hole. Privacy sets require a separate privacy bolt.

NERS Narrow long rectangular escutcheon plate multi point

ERS Rectangular escutcheon plate

Heavy duty springs attached to the rosettes or escutcheons and levers provide added strength and durability (Not supplied with knob sets). All rosette trims have concealed mounting screws.

### Door Thickness

Standard = 1.3/4". For any other size, please specify.

### Backset

Standard = 2.3/8". For 2.3/4" please specify.

### Cross Bore

RPS, RQS rosette, ERS escutcheon trim fits in any standard 2.1/8" cross bore hole with a 1" edge bore.

RSS, RSQS rosettes and NES narrow long escutcheon plates require a 5/8" cross bore hole.

### Latch Bolt

1/2" throw with 2.1/4" x 1" face plate. 8mm square hub size.

### Dust Box

Included.

### Strike Plate

Standard = T-strike 2.3/4" x 1.1/8". Lip size = 1.1/4"

Full lip strikes are available upon special request.

Square corner.

NOTE: Face plate, T-strike and screws are solid brass plated in satin nickel (15) or polished chrome (26) finishes.

## STAINLESS STEEL DOOR HARDWARE - EXTERIOR SETS

### Privacy Bolt FIG. 24

105 RSS, 105 RSQS = Thumbturn and emergency release trim with latch bolt.  
105 RSS L/E, 105 RSQS L/E = Thumbturn with latch bolt. (no exterior trim)  
Decorative thumbturn with coin key emergency release on exterior. Includes concealed mounting screws.

### Deadbolts FIG. 25

Single Cylinder (101 RPS, 101 RQS)  
Double cylinder (102 RPS, 102 RQS)  
Features low profile trim (see FIG.9 on page 98) designs, which coordinate with all of our stainless steel lever and knob styles. Includes concealed mounting screws.

### Door Thickness

Standard = 1.3/4". For any other size please specify.

### Mortise Locks

FIG. 26 (ERS trim) FIG. 27 (RPS trim) FIG. 28 (NES trim)  
For mortise lock specifications and lock information, please see page 136-137.  
Face and strike plates are satin stainless steel for 32D finish.  
Polished stainless steel (32) finish uses a chrome plated solid brass lock front and strike plate.  
Mortise lock trim is designed to fit most mortise lock manufacturers.  
Please call factory for more information.

### Rosette Trim

RSS = Plain style 2" (50mm) dia. (not recommended for heavily used doors.)  
RPS = Plain style 2.9/16" (65mm) dia.  
RSQS = Square style 1.3/4" (45mm) (not recommended for heavily used doors.)  
RQS = Square style 2.9/16" (65mm) dia.

### Long Escutcheon Plate Trim

NERS = Narrow rectangular escutcheon (see page 112 for dimensions)  
NES = Narrow plain style (see page 90/91 for dimensions)  
ERS = Rectangular style (see page 90/91 for dimensions)

### Door Thickness

Privacy Bolt - Standard = 1.3/4". For 1.3/8" or larger than 1.3/4, please specify.  
Deadbolt - Standard = 1.3/4". For 1.3/8" or larger than 1.3/4", please specify.  
Mortise Lock - Standard = 1.3/4" For 1.3/8" or larger than 1.3/4", please specify.  
For any other sizes, please specify.

### Backsets

Privacy Bolt - Standard = 2.3/8". For 2.3/4" please specify.  
Deadbolt - Standard = 2.3/8". For 2" or 2.3/4" please specify.  
Mortise Locks - Must specify 2.1/2" or 2.3/4". Additional sizes are available upon request.

### Door Preparation

Privacy Bolt requires a 5/8" cross bore hole with a 1" edge bore hole.  
Deadbolt requires a standard 2.1/8" cross bore hole with a 1" edge bore hole.  
Mortise Locks. Templates and instructions are provided for all functions.

### Cylinders

Solid Brass, 5-pin, mortise cylinder with C-keyway.

### Dust Box

Included.

# Multi-Point Hardware

## Trim Options

- RSM Plain style rosette, 1,3/4" (45mm) dia. Solid brass. FIG. 32
  - RSSM Plain style rosette, 2" (50mm) dia. Stainless steel. Available in 32D finish only.
  - NEP Narrow long escutcheon plates. Solid brass.
  - NER Narrow long rectangular escutcheon plate. Solid brass.
  - NERS Narrow long rectangular escutcheon plate. Stainless steel. Available in 32D finish only.
  - NES Narrow long escutcheon plates. Stainless steel. Available in 32D finish only.
- RSM and RSSM trims include a profile cylinder with coordinated rosettes. For NEP/NES specifications see page 112.

## Functions

- EAB Entry function with American cylinder below the lever, 92mm center to center. FIG. 29
- PAB Patio function with the interior thumbturn below the lever, no keyway on the exterior plate.
- EAA Entry function with American cylinder above the lever, 92mm center to center. FIG. 30
- PAA Patio function with the interior thumbturn above the lever, no keyway on the exterior plate.
- EE Entry function with profile cylinder, 92mm center to center. FIG. 31
- PE Patio function with 1/2 profile cylinder & thumbturn, no keyway on the exterior plate.
- CE Custom entry function with special center to center sizes. Uses a profile cylinder.
- DA Active dummy pair.
- DS Single dummy, surface mounted spindle.

## Door Thickness

Standard = 1,3/4". We can also accommodate 2,1/4". Please call factory.

## Cylinders

Profile and American type cylinders are all solid brass construction, 5-pin with C-keyways.

## Spindle

8mm square.

## Handing

Handing is required for all multi-point hardware. Please specify RH or LH.

Refer to the handing chart on page 123.

## Finishes

RSM and NEP trims are stocked in polished brass (03) and satin nickel (15) finishes. NER trim stocked in polished chrome (26) and satin chrome (26D).

Custom finishes are available upon special request. Call factory for quotation.

RSSM, NES and NERS trims are stocked in satin stainless steel (32D) only. No custom plating on any stainless steel products.

# General sales terms and conditions

# General sales terms and conditions

All orders are accepted subject to the following Terms and Conditions of Sale. Any terms and/or conditions contained in the Buyer's purchase order or other writing pertaining to such order which are in conflict with or add to or subtract from the following Terms and Conditions of Sale shall not become part of any resulting contract unless expressly accepted in writing by Valli & Valli (U.S.A.) Inc. ("V&V").

## 1. GENERAL INFORMATION

- (a) V&V reserves the right to accept or reject any order for any reason.
- (b) No order is binding on V&V until received in writing and approved by V&V. V&V agrees to sell and Buyer agrees to buy only in accordance with these terms and conditions which are applicable to and binding upon the sale and purchase of every product sold by V&V. No departure from these terms and conditions in any respect whatsoever shall be valid except when in writing and signed by an authorized officer of V&V. Any additions, deletions or other changes to or in an order are subject to the terms and conditions stated herein. No salesman or agent of V&V has the authority to make any changes in V&V's terms and conditions or sale prices.
- (c) V&V shall deliver the products specified on an order within a reasonable time after acceptance of orders, and shall use reasonable efforts to make timely delivery subject to the ability of V&V to ship, at the time and in the quantity specified, contingent upon strikes, floods, fires, accidents, labor or material troubles, product availability, or rules and regulations of the United States or any State, municipal or other lawful authority therein or where V&V's products are manufactured, or other causes beyond the control of V&V, and V&V shall not be liable for damages for failure to make partial or complete shipment or for any delay in making shipments. In no event shall the terms of this provision affect Buyer's obligation to pay for goods sold and delivered.
- (d) The Buyer may not cancel an order without V&V's consent. If V&V is unable to make shipment of specified quantities of its standard products within thirty (30) days of the specified time and so notifies the Buyer, the Buyer may give notice to V&V by telefax confirmed by letter sent registered mail of its intention to cancel that part of the order which remains unshipped at the time of V&V's receipt of such telefax or within fifteen (15) days after the post-marked date of such letter, whereupon such unshipped part of the order shall be cancelled.
- (e) All specifications listed in our Catalog and/or Price List are subject to change without notice including packing, weights, measurements and product designs.

## 2. PRICES

- (a) Prices are quoted, products are sold, and all shipments are made F.O.B. V&V's warehouse, unless otherwise specified. All prices are stated in U.S. currency.
- (b) Each order, or any part thereof, is subject to billing and payment at V&V's prices in effect at the time of shipment.
- (c) V&V reserves the right to change any of the prices of an order up to the date of shipment, upon notice to the Buyer. Any orders upon which prices have been changed which are not confirmed by Buyer within fifteen (15) days of notice being sent shall be cancelled.
- (d) All prices are subject to additional federal, city and state taxes, if applicable.
- (e) Prices, terms and conditions of sale, and trade discounts, if any, are subject to change without prior notice at any time prior to V&V's acceptance of the Buyer's order.

## 3. TERMS OF PAYMENT

- (a) Terms of payment are thirty (30) days net from the date of V&V's invoice and payment is not timely unless actually received by V&V on or before the due date.
- (b) A service and carrying charge of one and one half (1-1/2%) percent per month (annual percentage rate eighteen (18%) percent) will be charged on all invoices outstanding more than thirty-five (35) days. Buyer shall pay all costs and expenses (including reasonable attorney's fees) incurred by V&V in connection with any payments not made when due. V&V reserves the right to stop confirmed shipments to accounts which have invoices over sixty (60) days past due.
- (c) If Buyer fails to pay an invoice at maturity or defaults on or repudiates this or any other agreement with V&V, or becomes insolvent or calls a meeting of its creditors or if a bankruptcy, insolvency, re-organization or arrangement proceeding is commenced by or against Buyer, V&V may (i) cancel this and/or any other contracts with Buyer, and Buyer shall remain liable for any damages to V&V; or (ii) (a) declare all outstanding invoices under this and/or any other contracts immediately due and payable; (b) defer any shipments hereunder; (c) sell all or part of the undelivered goods at private or public sale, at which V&V may become buyer; (d) bill at contract price all or any part of the undelivered goods to Buyer, with delivery to Buyer only after full payment is made; and (e) take possession of delivered but unpaid for goods wherever found without process of law.
- (d) If, at any time, reasonable grounds for insecurity arise with respect to Buyer's performance of its payment obligations to V&V. V&V may demand payment in full for the products or such financial security which in V&V's sole discretion shall be equivalent to the sales price of the products.

## 4. RUSH DELIVERY CHARGES \$ 25.00 NET

Applies to all orders requested to be shipped within 48 hrs.

## DROP SHIP CHARGES \$ 5.00

## 5. SHIPPING AND FREIGHT ALLOWANCE

V&V will ship products in any manner most satisfactory to V&V, based upon convenience, experience and cost. Full freight allowed and prepaid to all points in the continental United States on any shipment equal to or in excess of One Thousand (\$1,000.00) Dollars net invoice value by the carrier of V&V's selection.

No freight allowance on shipments of less than One Thousand (\$1,000.00) Dollars net invoice value. A One (\$1.50) Dollar fifty cent service charge per shipment shall be applied for freight handling and insurance coverage.

## 6. RETURNS

A written request must be received by V&V and approved by an authorized officer of V&V in writing prior to the return of any products. Any approved returns shall be delivered at Buyers expense freight prepaid to any point designated by V&V and a minimum of thirty-five (35%) percent handling charge will apply. A handling fee will be charged on all returned goods. All returned goods must be returned in the original factory sealed cartons and must be in saleable condition. Merchandise may be returned for credit toward future orders only. Credit must be applied within one (1) year of the date of issuance.

## 7. CLAIMS

Risks of theft, loss or damage to, or destruction of, the products shall pass to the Buyer when the products are placed in the possession of the first carrier at V&V's place of shipment. Claims for damage, loss in transit and delay in delivery must be made to the carrier by the Buyer. All other claims must be reported promptly within fifteen (15) days of receipt of merchandise. Replacement deliveries shall be made or returns accepted only if V&V's investigation supports the claim. V&V's liability with respect to substantiated claims shall be limited to either replacing or accepting the return of the products with refund of the original purchase price.

## 8. LIMITED WARRANTY

V&V warrants to third party purchasers that V&V products shall be free from defects in material or workmanship for a period of one (1) year following their purchase from an authorized V&V dealer. V&V's sole obligation under this warranty shall be to repair or replace products which V&V determines to be defective and which are returned to V&V with proper documentation during the warranty period, shipping charges prepaid to 100 Commerce Way, Suite 2, Hackensack, NJ 07601.

V&V DOES NOT ASSUME ANY WARRANTY RESPONSIBILITY FOR DAMAGES DUE TO CONDITIONS OVER WHICH V&V HAS NO CONTROL, INCLUDING BUT NOT LIMITED TO IMPROPER INSTALLATION, IMPACT, TAMPERING OR ABUSE. FINISHES CANNOT BE GUARANTEED FROM TARNISHING, EXCESSIVE WEAR, OR DETERIORATION DUE TO EXPOSURE TO ATMOSPHERIC CONDITIONS OVER WHICH V&V HAS NO CONTROL. V&V MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE PRODUCTS DELIVERED, INCLUDING WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL V&V BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS OR DAMAGES TO BUSINESS OR BUSINESS RELATIONS.

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE AND IS LIMITED TO THE DURATION OF THE WARRANTY PERIOD OF THIS EXPRESS WARRANTY. SOME STATES DO NOT ALLOW LIMITATION ON HOW LONG AN IMPLIED WARRANTY LASTS OR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO BUYER. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS AND BUYER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

## 9. GOVERNING LAWS

Any controversy or claim arising out of or relating to the purchase or sale of V&V's products shall be construed in accordance with the laws of the State of New York and shall be settled by arbitration in the City, Country and State of New York in accordance with the current Commercial Arbitration Rules of the American Arbitration Association and judgment upon the award rendered may be entered in any court of competent jurisdiction.

## 10. SIZES AND DIMENSIONS

Conversion from metric to U.S. measurements is approximate. Refer to product for exact metric sizing.

## 11. PROJECTS

All project orders require a down payment. **Freight: FOB New Jersey warehouse**

## 12. DISCONTINUED

We can discontinue products or alter specifications at any time without prior notification or obligation. Product will continue to be available as long as inventory remains, after which the product will be discontinued. This program is intended to help our customers anticipate future needs and to avoid bidding or taking orders on parts which may not be available in sufficient quantities when needed.

## 13. INDUSTRY STANDARD

The prevailing industry standard is that the special order items, electrical products and specialty keyed products may not be returned.

## 14. INSTRUCTIONS

Door handles and their accessories are designed to open and close doors. They represent a complimentary element of the door, together with the frame, hinges, door panel, lock and cylinder.

Opening and closing a door with a handle requires certain actions, such as opening a security bolt.

Only in certain cases, such as on emergency doors, the handles serves the function of working the lock by lowering or pushing it.

Window handles too are to be considered only a complimentary part of the window. It is normally the opening system of the window that determines the hardware required and consequently the mechanism required for the working of the window handle.

Door handles, pull handles and window handles are often incorrectly used, damaging the product and the quality standard defined by the manufacturer.

Common errors include:

The use of the handle as a support or hook for objects which may be excessively heavy.

The use of the handle as a plaything by children.

The use of the handle as a doorstop against the wall.

Fusital products do not require excessive maintenance. For care and cleaning, except in those cases where a specific product is recommended for certain finishes, Fusital recommends the use of just a soft dry cloth.

To ensure correct installation, the instructions contained in the box should be followed.

If necessary consult the retailer or specialized personnel.

In the case of products in glass or porcelain together with brass, it should be remembered that these fragile materials are liable to break if used incorrectly.

Fusital recommends the use of doorstops fixed to the floor or the wall close to the door or its handle.

On all products with a grab screw Fusital recommends the use of a retaining compound.

It is also advisable to check the position and tightness of all fixing elements at regular intervals.

The user/purchaser of the product should ask the retailer for instructions regarding the correct installation, care and maintenance of the product.

Fusital products are subject to a continual process of development and updating, and production is constantly monitored by Valli&Valli Quality Assurance.

Most Fusital products are "tools" for opening and closing doors and windows.

Inevitably, as with all artifacts, depending on the material of which they are made and where they are made and where they are used, they are subject to wear and then passing of time.

Brass, an alloy subject to oxidation, has to be covered with a protective coating if its appearance is to remain unchanged over time.

Care should be taken during use and maintenance, as improper use or poor maintenance could damage the protective coating, permitting corrosion and consequently causing an anti-aesthetic appearance.

Stainless steel is generally considered to be indestructible.

However, even this material can show the occasional scratch or spot of rust.

Such rust-spots are so-called "surface ruse", and can be removed using an appropriate cleaner, available from specialized retailers.

The manufacturer cannot be held responsible for damage due to normal wear and tear, incorrect treatment, installation or maintenance or non-observance of the above warnings.
