

**General Maintenance Instructions**

1. Periodically check the fasteners and tighten if necessary. The fasteners should not loosen regularly; if they do, there is an installation problem that should be resolved.
2. Clean the product routinely by following the cleaning instructions below.

**Finish Cleaning Instructions**

**CAUTION:** Always try the recommended procedure in a small inconspicuous spot prior to treating the entire article to verify it works on your particular application and you are satisfied with the results.

**NOTE:** Frequent cleaning extends the life of all finishes.

Finish Code	Finish	Cleaning Instructions
US3	Polished & lacquered brass	Use a soft cloth and mild soap and water. Never use brass polish or an abrasive cleaner unless you intend to remove all lacquer and totally refinish the product.
US3NL	Polished unlacquered brass	Use a soft cloth and a good metal cleaner. We recommend Mr. Metal by S. C. Johnson Company.
US4	Satin finish & lacquered brass	Use a soft cloth and mild soap and water. Never use brass polish or an abrasive cleaner unless you intend to remove all lacquer and totally refinish the product.
US9	Polished & lacquered bronze	Use a soft cloth and mild soap and water. Never use brass polish or an abrasive cleaner unless you intend to remove all lacquer and totally refinish the product.
US10	Satin finished & lacquered bronze	Use a soft cloth and mild soap and water. Never use brass polish or an abrasive cleaner unless you intend to remove all lacquer and totally refinish the product.
US10B	Oxidized & oiled bronze	Use a soft cloth and a paste furniture wax. Buff lightly so as not to remove the dark oxide coating where it remains.
US26	Polished chrome plated	Use a soft cloth and a good metal cleaner. We recommend Mr. Metal by S. C. Johnson Company.
US26D	Satin chrome plated	Use a soft cloth and a good metal cleaner. We recommend Mr. Metal by S. C. Johnson Company.
