# WILSONART® CONTRACT LAMINATE

Designed specifically to meet the decor needs of commercial projects, this collection features colorways, finishes, and patterns that coordinate easily with the other materials you specify. All Premium Laminate designs also utilize AEON™ Enhanced Performance technology, which has been proven to dramatically outperform traditional laminate for wear and scuff resistance. And this year, we introduce our new SoftGrain, a dense, woodgrain structure that is low gloss and soft to the touch. Subtle highlights of reflectivity randomly occur within the embossed grains, creating a sophisticated raw wood look. The collection also boasts two celebrated textures: FineGrain, with the realistic feel of polished wood and Linearity, a finely striated texture that looks as good on metals as it does on woods. To confirm pattern availability and size/type/finish options, please go to [www.wilsonart.com](http://www.wilsonart.com).
