DITEC

LOW-ENERGY OPERATORS

LOW-ENERGY OPERATORS

The Ditec brand has been taking doors from manual to automatic in North America for over 20 years with its line of low-energy swing door operators that are competitively priced, durable, low maintenance and simple to install.

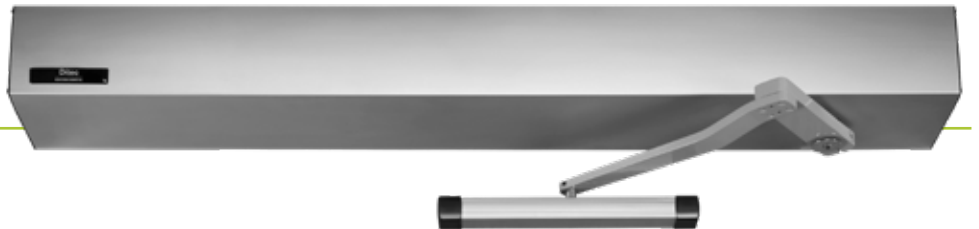

All Ditec swing operators feature electromechanical design for simple, dependable operation, easy manual door opening, trouble-free installation and ADA compliance, meet ANSI/BHMA 156.19 standards and are UL10C approved.

Swing operators are perfect for retrofit or new-build applications in moderate- to high-traffic locations. Whether you need a simple, dependable operator for a touchless restroom or an operator built to withstand the abuse of university students, Ditec has something to meet every application.

Ditec

DITEC HA7

SLIM, FULL-FEATURED OPERATOR FOR INTERIOR DOORS

Aesthetics and innovation combine in the Ditec HA7. The slim header blends seamlessly with most standard door frames and fits into areas where standard operators can't. Its quick installation and mobile app setup make it an ideal choice for offices, restrooms and assisted living facilities.

KEY FEATURES

- ✔ Non-handed
- ✔ Electrician not required with option of simply plugging into a standard 120vac wall outlet
- ✔ Power Assist
- ✔ Push and Go
- ✔ Parking (multiple-point hold open)
- ✔ Privacy Function (patent pending)
- ✔ Ratchet Function
- ✔ Electric strike integration (no external relays required)
- ✔ UL325/UL10C certified
- ✔ For use on single interior doors
- ✔ Available in push or pull, clear or dark bronze

EASY APP SETUP
AND ACTIVATION

DITEC HA8-LP

LOW-PROFILE OPERATOR FOR
MODERATE TO HIGH TRAFFIC

The Ditec HA8-LP combines power and reliability with a low-profile header for a more aesthetic appeal. It's perfect for moderate- to high-traffic locations where dependability outweighs extra features. The Ditec HA8-LP is also available in the EZ36 Kit, which comes with everything you need to automate a standard 36" door in one easy box.

KEY FEATURES

- ✔ Non-handed operator
- ✔ Opens easily during manual operation
- ✔ Quiet operation
- ✔ Permanent lubrication means maintenance free
- ✔ Easy installation (average install time is 1½ hours)
- ✔ UL325/UL10C certified
- ✔ Single or pair doors
- ✔ Available in push or pull, clear, dark bronze or black

DITEC HA9

LOW-PROFILE, FULL-FEATURED OPERATOR FOR MODERATE TO HIGH TRAFFIC

The Ditec HA9 is an extremely quiet low-energy door operator with a low-profile header that comes jam-packed with standard features. Perfect for moderate- to high-traffic locations.

KEY FEATURES

- ✔ Non-handed
- ✔ Easy manual door operation
- ✔ Power Assist
- ✔ Push & Go
- ✔ One-touch Teach Button
- ✔ Lock Kick
- ✔ Plug-n-Play design for fast, trouble free installation
- ✔ Stack Pressure Compensation
- ✔ Electric strike integration
- ✔ Sync cables are included with pair operators to ensure doors close simultaneously or in proper order
- ✔ UL325/UL10C certified
- ✔ Single or pair doors
- ✔ Available in push or pull, clear or dark bronze
